“ *The Powell and Patterson families are in our hearts, thoughts and prayers. We remember a great man and the legacy he leaves behind. I will always remember riding ATV's through the rice fields and behind the house with Chad and friends as teenagers. If there is anything I can do to help, I would be honored.*

“ I got the pleasure to work with Chad when he came up to Illinois to help spray fungicide. I remember the first time I met Chad. He came into the office and looked around and the first thing he said in his slow drawn out voice was "Y'all got a lot of corn up here!" LOL Chuck and I looked at each other and were thinking the same thing, "This kid won't last long up here!" But boy did he prove us wrong! He was a VERY good pilot and turned out to be an even better friend! I know that all of us at Chuck and Linda's grew to love Chad and look forward to the summer spray season when he would make his way back up to Illinois. (Don't tell the other pilots but he was our favorite!) I know all of his Illinois friends will deeply miss him. Thanks for the memories friend. I will be keeping all of his family in my prayers especially sweet Lacey and their beautiful babies! God bless you all in this difficult time!

*“ I met Chad a MSU. We were neighbors at our apartment complex. Instant friendship, he often called me "Sis". We spent those 4 years hanging out, laughing, playing cards and spying on neighbors. He always knew when I would possibly be napping in the afternoons and would walk over to my apartment door and beat on it so loud I would wake up startled, realize it was Chad and laugh, go open the door and we'd hang out sitting on the tailgate of a truck in the parking lot just chatting about life.
I was so upset to hear that my old friend had passed away. I have tears writing this but know he is with our Heavenly Father and pray God provides peace for his sweet family. Love to all, Joy*
