“ *We didn't stay in touch like we should have, as cousins. I sent Christmas cards and tried to put a note in. I got a few letters throughout the years. I got a letter this summer and sent him one back right away. I'm glad I did because I always let him know he was loved. In his letter, he reminded me that Ewell had passed. Talked with pride of you, Danny. Larry, he let me know you are a truck driver and worried about you because you worked so hard. Darrel was a special cousin even though we didn't stay in touch like we should have. I love all my family even though we are many miles apart. Prayers for all the family and friends who loved Darrel. He was a funny guy! Ginger Williams...cousin from Illinois*

“ *Darrel was a character. When I think of him I have to smile. He made me laugh. I am so sorry that he has been sick and I did not know that it was so bad, my fault for not checking. I will never forget growing up with this special cousin and the time he lived with us. Danny and Larry, I know that when you lose a father or a brother no matter how close, there is a void and it hurts to think about the loss. I pray that God will fill your thoughts and hearts with good memories and something to bring a smile to your face.*

*If I had known sooner, I would have been there yesterday. You both will be in my prayers.*

*Love, Kay*

“ *Danny, we are so very sorry for your loss. Even though our lives went different paths, and we had not seen Darrel in several years, we still considered him our friend. Your dad was one of a kind! We will cherish the wonderful memories we have of him. And we will miss him! Our prayer for you is one of peace and comfort at this difficult time. Sending you our love, Penny/Bobby Martin*
