“ *Hazel you look so pretty in this picture, just like you did when you came to Therrel's funeral in September. I was so glad to see you. I wish we had some of these years to live over. I regret not seeing you much over the years. We always said the next time we came home we would spend a whole day talking, and you know we could, or doing research on our ancestors, or just going out to eat as you know we both loved to eat. The time has flown by so fast and time just got away from us. I will miss you until the I see you again. Pray our Heavenly Father will comfort Carol and Bryan and family in the days ahead of them.*

“ *Mr. and Mrs. Parker were both were fine people and they were very good neighbors. I will never forget in 2013 when I had open heart surgery and was back home almost 1 month later, Mr. and Mrs. Parker were going somewhere and I had walked to my mailbox and they stopped to visit with me and told me if I needed them to do anything to be sure to let them know. They would never bother anyone asking them to do for them but were always willing to do for others! We were very blessed to know Mr. and Mrs. Parker and our prayers and thoughts will be with the family during this difficult time. God bless each one of you in the family!*

“ Hazel, you look so pretty in this picture. Just the way you looked at Therrel's funeral. I have so many reqrets that over the years we did not see each other the way we planned. It was always the next time we come home we will spend the day together, just talking, as we sure could do, researching our ancestors or just just going to eat as we both loved to do. I let time slip away but I pray we will get that time again when we meet again on our the other side.
I pray for comfort for Carol and Bryan and family.
