“ *The Findleys lived across the street from us for several years when I was little and our families shared a lot of great memories. Mr. Findley had a Philips 76 gas station, and one of my best memories of him was when we pulled in for gas one time and the service bell sounded. I asked Mr. Findley how the bell went off and he showed me how I could jump up and down on the air pressure hose to make the bell sound. Wow I felt powerful. I was 6 or 7 years old.*

My condolences to the Findley family. You are in my thoughts and prayers.
