“ *Etta,*

Your mom was a special lady. I treasure the friendship we had and regret that my life was so complex these last 6 months hindering my staying in touch. I came by just an hour after you took her to the hospital. I didn't have your cell number then and was leaving on vacation the next day.

Just found out from the facility when someone new answered the phone number she had.

Please call me at your convenience. 476-0336

You are a sweetheart. She loved you and was so very appreciative of your devotion.

I love you

Teresa
