“ *Melba has been a friend since 1960 but we just got back together again in 2003 when we started having birthdays together with the other friends(The Southeren Bells), mostly old Brinkley telephone operators. We have really missed James bringing her to our parties and the past two years when he was gone and she wasn't able to be there. We've missed her and we'll remember all the good times we all had together. She was a very sweet lady and we loved her a lot.*

“ I just recently learned of your loss. I remember so well all the times she came to the office to see you and how much you loved your mother. I am so saddened for you and your family. I have thought of you so often. I hope that each day that goes by will be just a little easier to get through. You are in my thoughts and prayers. Just know that I am saddened along with you.
