“ *I was so sorry to hear about the passing of Sigrid. I have so many good memories of her during our high school days in Forrest City. She was an inspiration to those who knew her and she always had a smile on her face. May God continue to comfort you all during this loss.*

“ *I remember sleeping in her lap at church and her beautiful singing. She was only married to my grandpa for a brief time but she's always been in our hearts. I was too young then to keep in touch and its only been recently that we reconnected. I'm so glad that I've got to share my life and my kids with her through the wonders of technology. I hope she knew how much she touched my life.*
