“ Although I have not met Susan's biological family, I really feel that she became a beloved member of my family. I always enjoyed being with her so much. We shared a love for flowers and she was always so helpful when my flowers needed water (which in Texas is every day in the Summer). It is so very hard to realize that I will never have the pleasure of her company again. I Love Susan so very much, as does all of my family.

“ My nana, Susan, was one of the greatest women I have ever had the chance to meet and I am so lucky to have grown up with her. She was so sweet and welcoming to everyone she met, definitely never met a stranger! She was beautiful inside and out & will never ever be forgotten. She's in a good place now with her mom & dad and I am so happy for that since they passed when she was a very young child. I love you Nana & I miss you so much already.

“ I didn't know Susan very well; only met her a few times but she left an impression with me. She was so pretty and I loved her personality. I'm for sure she is an angel now and will be here to help us as we journey on this earth.

“ *I miss you so much mom. I will miss you making me a birthday cake with your homemade chocolate icing, I don't think I ever saw you used icing from a can! Thank you for teaching me everything you knew about cooking, even though I will never be as good as you were! I love you and miss you and will never stop.*
