“ *Mr. Ferguson was such a wonderful person. He could just make a student feel very at ease, yet he did discipline. But sometimes in a funny way. I recall (and this was the 80s) getting out in afternoon detention bc I talked way too much. He needed to step out for a bit and he stuck me in the front desk and said “you’re in charge.” Little did I know he stepped across the hall and was watching. Evidently I was supposed to learn about responsibility. My prayers and condolences to his family and friends. I have very fond memories of him.*
